### **HAVE YOUR FAMILY OR FRIENDS BEEN AFFECTED BY STROKE?**

One minute they are laughing, walking and talking and then SUDDENLY a burst or blocked blood vessel in the brain causes brain damage.

Brain damage caused by stroke can impair movement, sensation, speech, thinking, reasoning, memory, sexual function, and the regulation of emotions.

### **People can recover after a stroke!**

Early treatment and rehabilitation reduce disability! We are here in Ottawa to help you, your family and your friends in the event of stroke.

The Stroke Survivors Association of Ottawa (SSAO) advocates for effective treatment for stroke in Ottawa. We help stroke survivors and their families cope with the ensuing disability when they are discharged home from the hospital.

**But we need your help!**

### **STRIDES FOR STROKE PROCEEDS:**

The proceeds from the Strides for Stroke raised in the Ottawa and surrounding areas will fund critical programs and services for Stroke Survivors Association. Programs such as the Peer to Peer Visitation program, education, and other community based programs & services. To learn more about SSAO and its programs, visit [www.strokesurvivors.ca](http://www.strokesurvivors.ca) or call 613-237-0650.

### **DID YOU KNOW?**

- That less than 20% of people who have a stroke in Ottawa are admitted to rehabilitation?
- Stroke is the leading cause of death and disability in Canada.
